

Please Pray And Fast During "40 Days For Life" With Americans Throughout Our Nation

Day 29 – October 20, 2010

Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter. Isaiah 5:20

Heavenly Father, deception abounds in the life issues arena! Pro-choice advocates leave out informed choice as they say no to 4D ultrasounds. Cloning advocates say there is a difference in reproductive cloning and cloning for research, when the difference is how the clone is used not how it was made. Have mercy on all those confused by the deceptive language used by the Culture of Death.

Dear Jesus, I pray for President Obama and our lawmakers that they will stop buying in to the hype of "potential" and realize that the motive for tax funding of embryonic stem cell research is greed not compassion; as is the funding of abortion greed and not the standing up for woman's rights as over half of abortions are coerced and women are not being informed of abortion after affects.

Come Holy Spirit. Enlighten those who take contraceptives to the fact that the FDA, in the early 60's, changed the definition of conception from fertilization to implantation so research and drug companies could make money on selling contraceptives that prevent the young embryo from implanting in the womb. The conceived human embryo dies. And so, women take these contraceptives believing they are preventing conception when actually they are preventing implantation. Let the truth be known.

Day 30 - October 21, 2010

A simple man believes anything, but a prudent man gives thought to his steps. Proverbs 14:15

Heavenly Father, You have bestowed upon man the awesome opportunity to be prudent, to discern our true good in every circumstance and to choose the right means of achieving it. Have mercy on all those who believe in the Communist philosophy "The ends justify the means." Instruct them that they are to direct their conduct in accordance with the judgment of their conscience.

Dear Jesus, so many times I read comments about embryonic stem cell research such as, "If it helps people out, I'm for it." I pray for these people that they may receive the insight to distinguish between adult stem cells that harm no one while successful in over 100 treatment areas and embryonic stem cell research that requires the destruction of human life and has not helped anyone.

Come Holy Spirit. Counsel us in our decisions, especially those who have an abortion scheduled, those in favor of embryonic research, and caregivers of the cognitively disabled and terminally ill. Reveal a prudent course of action to all, especially President Obama as he appoints new judges. Be our advocate as we stand up against President Obama's radical pro-abortion agenda.

Day 31 - October 22, 2010

Therefore I tell you, do not worry about your life, what you will eat or drink; or about your body, what you will wear. Is not life more important than food, and the body more important than clothes? Look at the birds of the air; they do not sow or reap or store away in barns, and yet your heavenly Father feeds them. Are you not much more valuable than they? Matthew 6:25-26

Heavenly Father, there is so much work to do to make all Americans aware of the life issues before us. Forgive us for being overly concerned for our own needs and pleasures at the expense of working for a Culture of Life.

Dear Jesus, I trust in You. What do you want me to do for life! I am ready to give of my time, talents, and treasure knowing that I do not have to worry about my life for you will take care of my every need. I pray especially for crisis pregnancy parents that they will put their concerns into Your loving hands. I pray that President Obama will allow instead of cut funding to crisis pregnancy centers.

Come Holy Spirit. Comfort those in a crisis pregnancy with the confidence that they can find help and need not worry about their needs. Instill in them the reality that their preborn baby is much more valuable than whatever might entice them to have an abortion.

Day 32 - October 23, 2010

"Unless I see in his hands the mark of the nails, and place my finger into the mark of the nails, and place my hand into his side, I will never believe." John 20:25

Eternal Father, it is so awesome to see babies in the womb through 4D Ultrasound, sucking their thumbs, smiling, swimming, and moving their fingers. Have mercy on those who limit the value of human life based on their own limitations of what they can see.

Dear Jesus, I pray for President Obama and all those who are apathetic to what abortion really is - the torture of a human being. Let them see the remains so that they might understand and believe in the pro-life cause.

Come Holy Spirit upon the desensitized abortionist who can dismember a preborn's body and not believe or care that this is a human being capable of physical and emotional feelings – a person.
